My dear Mr Research

I am much obliged to you for the kind trouble you have taken for me - and hasten to acknowledge the receipt of the cheque for £50 —

I will think over what you have suggested and feel quite sure of the friendship and good feeling you have for me in it —

My dear Mother has been for a week in great danger and we have all been in great anxiety about her - She is better today but very weak - and has not quite

recover her speech — My Sister
Elizer & I have alternately been
there every night — but Charlotte
seems to feel easier do we think
not go tonight — You will I know
be glad to hear that I met my
Brother and we were reconciled
by my dear Mothers bedside —
Last Friday when we thought her
sinking rapidly — He has been ill
ever since — shocked at finding
her in such an state — as her
speech was then not articulate
and her poor head at times
wandering — I write in haste —
With kindest regards from us all
to yourself & Miss Martin — I remain
dear Mr Reisch yours ever truly
Jane Hood

sister of John Hamilton Reynolds. friend of Keats
